

Product name		18.5 inch queue calling machine		AUR-JHJ-1805	
Screen parameters	Size	18.5“ LED			
	Resolution	1920*1080			
	brightness	≥250cd/m²			
	Display Color	16.7M			
	Response Time	6.5MS			
	Contrast	1000:1			
	Viewing Angle	178°/178°(H/V)			
	Aspect Ratio	16: 9			
	Active Area	409.8x230.4 mm			
	Panel Type	BOE/HUAXIGN			
	Touch Type	Capacitive touch			
Configuration	CPU	I5/Fourth generation			
	Mianboard	Industrial control mainboard			
	Memory	4GB/DDR3			
	Hard Disk	128G/SSD			
	Printer	80mm thermal printer			
	Monitor Adapter	DP and HDMI mutual conversion			
Speaker rated power	Built-in stereo speakers, 8 Ω 5w				
Input Current	AC 110V~240V,50/60HZ				
Power supply	220W				
Support Environment	Operating temperature: 0° C to 60° C Adaptable temperature: -20° C to 60° C Humidity: 20%-80% RH at 40° C				
Machine Casing	Sheet metal + profile + tempered glass + cold rolled steel				
Production Period	15 working days				
After-sales service	One year				
Package	Wooden frame, carton, built-in cushioning cotton, pearl foam bag, accessory bag				
Accessories	AC power cord, warranty card, key, base.				
Function	Description				
Directions	System: windows 10 Playback mode: Supports multiple playback modes such as loop, timing, and insert, timed startup, and self-starting after power-on Network support: Ethernet, support WiFi, wireless peripheral expansion Video playback: Format: RM/RMVB, MKV, TS, FLV, AVI, VOB, MOV, WMV, MP4 Audio playback: Format: MP3, WMA, APE, Flac Image format: JPG, BMP, GIF Input and output: standard HDMI1.3, 2.5mm composite video output, digital audio output, Ethernet RJ45 interface, 10M/100M adaptive WIFI802.11b/g/n, Micro-USB interface
