BLUETOOTH CALL, FREE TO ANSWER

You can answer or reject calls through the watch. And you can use it to share the phone contact list and make calls. You can freely answer calls whether you are busy working or exercising.

VOICE ASSISTANT ALWAYS STAND BY YOU

Just call it, your voice assistant show up right now! Make phone calls, send messages, switch music, etc. It's all done!

DON'T MISS IMPORTANT MESSAGES

It supports multiple APP's message reminder notification. You will not miss any important messages.

100+ SPORT MODES TO ACCOMPANY YOU TO EXERCISE

Monitor your fitness training and challenge your limits! Whether running, cycling, climbing and so on, it can accompany you to exercise. At the same time, the data during exercise is recorded. So that you can be better to know your physical condition and training effect during exercise.

IP68 WATERPROOF, DON'T BE AFRAID OF CHALLENGES

It had passed the IP68 waterproof certification. And it is not afraid of rain and sweat!

24 HOURS HEALTH MONITOR

With accurate monitor of heart rate, blood pressure and blood oxygen, it always help you to pay attention to your own health condition and provide all-weather health management.

WIRELESS MAGNETIC CHARGING, ONLY ONE STEP

Get rid of constraints of wired charging, charge smart watch as soon as you place it on wireless magnetic charger. And it is more convenient to use.

ELITE TEMPERAMENT AND COMFORTABLE EXPERIENCE

The leather strap can not only show the elite business style, but also offer you a more comfortable wearing experience.

VARIOUS CREATIVE DIALS

There are various creative dials to choose from in the HAVE FIT II app.

*After downloading the HAVE FIT II app, you can choose dials what you like to download and use.
