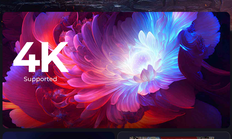
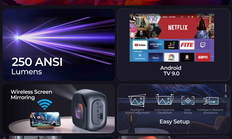
HAVIT

P3215 PRO Smart Projector

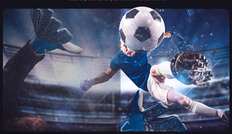
A New World of Entertainment





Clear and Vivid Viewing Experience

With 250 ANSI lumens brightness, this projector ensures a comfortable visual experience for your home entertainment.



Featuring a native resolution of 1280*720 and 4K compatibility, it delivers clear, rich details and lifelike colors.

Quick Image Adjustment

Auto Keystone Correction

Place the projector anywhere you like without the hassle of complex setups. It automatically corrects the image to ensure a rectangle shape.

Auto Focus

No manual adjustments are needed. It presents vivid and clear images within seconds.

Max 150" Projection Screen Applicable to Multiple Scenarios

This projector is suitable for various settings, including most rooms, living rooms, or offices.

Immersive Viewing Experience

Equipped with a built-in 5W speaker, it delivers powerful sound for an immersive experience. Coupled with the projector's RGB ambient light on the sides, it creates a cinematic atmosphere even at home.

Massive Online Video and Music Resources

The projector delivers a wealth of online video and music resources with a pre-installed Android TV 9.0 system, allowing you to indulge in your favorite movies, shows, and games to the fullest.

Multi-Port Connectivity Unlock More Entertainment Options

The projector is equipped with multiple ports, supporting connection to gaming consoles, KTV devices, wireless screen transmission, audio devices, and more, unlocking a variety of entertainment options.
